President's Foreward

A few months ago Elizabeth II was crowned "Queen of Canada," the first Monarch to bear that title. In commemoration of this glorious event, we pay our tribute, and pledge again our loyalty to the Throne. We, as Canadians, have intimations of the dawning of a new era of most auspicious promise.

Dentistry, too, is emerging into a new age of scientific research for the prevention of dental disease. The fluoridation of water supplies has given us another milestone in the partial control of a disease of almost universal prevalence.

Your Academy Council is again this year providing a programme that we hope will appeal to you, in our stated meetings, and our one day convention, the "Winter Clinic."

The Academy of Dentistry, Toronto, is a leader of organized Dentistry in Canada, and we earnestly solicit your support and attendance at our meetings in the new season that is before us.

The Academy of Dentistry, Toronto, is the leader of organized Dentistry in Canada, and we earnestly solicit your support and attendance at our meetings in the new season that is before us.

The personal contacts which are made in the course of scientific deliberation are of much value in the field of fraternal understanding.

ANNUAL WINTER CLINIC

LUNCHEON SPEAKER

MR. WESSELY HICKS

Our speaker at the Winter Clinic Luncheon is familiar to many as a columnist for the Telegram, in which he writes, "Toronto Report." He is a humorist, well travelled and well versed in current local and world affairs.

Born in Oshawa, Ontario, he received his education at the University of Toronto. While at Varsity he played football and was a member of the team that won the Dominion Championship in 1932. He also rowed for Varsity in three Canadian Henley Regattas. He played on the Argonaut Football Team which won the Dominion Championship in 1933.

Before joining the staff of the Telegram, Mr. Hicks served with several other papers including the Boston Post and Toronto Saturday Night.

During World War II, he served with the Royal Canadian Navy and shortly after D-Day was discharged to become a War Correspondent.

In 1951 Mr. Hicks was elected President of the Toronto Men's Press Club.

In his present capacity Mr. Hicks views the current scene with his usual flair for humour. To be sure, his talk will be most interesting and entertaining.

ANNUAL WINTER CLINIC

Group Clinician: STANLEY R. KORF, D.D.S.

Subject: "Pedodontic Pitfalls in General Practice"

Mother-child relationship, temper tantrums, the first visit, justification of better fees, and preventive orthodontics are some of the common problems that plague the general practitioner.

Our clinician will discuss these problems and take the child, parent and dentist, step by step through a rational and workable procedure which usually ends in complete patient co-operation and with adequate financial return.

Clinician: Dr. Korf graduated from the University of Illinois College of Dentistry in 1941. He is in private practice as well as on the staff of the Chicago Memorial Hospital and Dental Consultant at La Labida Rheumatic Fever Sanatorium.

Group Clinician: F. T. Pearson, D.D.S.

Subject: "Patients Prefer Plastics"

"Do not complain that the rosebush has thorns—rejoice that the thornbush has roses."—Arabian proverb.

The clinician will discuss the self-curing resins in operative dentistry, dealing more particularly with those variables controlled by the dentist.

Modification of cavity preparation, selection of filling materials and methods of restoring lost tooth tissue in order to obtain full colour value will be discussed and illustrated.

Clinician: Dr. Pearson attended the University of Toronto graduating with his D.D.S. in 1937.

He is Associate in Operative Dentistry at the University of Toronto; Consultant in Operative Dentistry for the Editorial Board of Oral Health; and in private practice in Toronto.

Dental Public Health

Your Dental Public Health Committee plan to concentrate this year on the same lines of approach that have been already so successfully implanted within this metropolitan area.

The laity are becoming increasingly more aware of the value of this work. We are going to increase this awareness if possible.

Your committee has met to co-ordinate our campaign for this fall and winter, but we need your help. We can accomplish very little without a "united front."

DENTAL PUBLIC HEALTH IS YOUR RESPONSIBILITY — Will you accept it?

The Academy has established a registry for dental assistants. This registry is temporarily located in the office of Dr. Gordon Chalmers, JU. 2167.

Fellows of the Academy requiring assistants, and assistants desiring employment are invited to contact Dr. Chalmers' office,

FIRST STATED MEETING

OSLER HALL

8.15 P.M.

THURSDAY, JANUARY 14th, 1953

Essayist—M. M. DeVan, D.D.S.

Subject—The Prosthetic Problem

A new approach toward saving the denture foundation will be presented. The concepts expounded will be of interest not only to prosthodontists but to the dental specialties, such as oral surgery, periodontia, restorative dentistry, and orthodontia.

With the aid of Kodachrome slides, practical procedures, based on these concepts will be outlined, and mouths edentulous for many years will be shown, where these principles and procedures have been followed.

Dr. DeVan was graduated from the University of Pennsylvania in 1921.

He is Professor of Prosthetic Dentistry and Chairman of the Prosthetic Department, University of Pennsylvania, School of Dentistry, a Board Member of the American Board of Prosthodontics, a Fellow of Academy of Denture Prosthetics, a Member of American Denture Society, a Fellow of Academy-International of Dentistry.

At present he is Professor of Clinical Prosthetic Dentistry and Director of the Course in Prosthetics, Graduate School of Medicine, University of Pennsylvania.

REPORT OF THE SECRETARY, 1952-53

The following report, which it is my privilege as Secretary to present, is a brief resumé of the activities of the Academy of Dentistry for the year 1952-53.

Under the able guidance of Dr. J. Gordon Chalmers and his Executive Council, the Academy enjoyed a successful year. There were several changes and innovations that brought a renewed inspiration to our group. Significant was the change of meeting place to the Academy of Medicine's beautiful Osler Hall at Bloor and Huron Streets. The membership canvass brought a satisfactory number of new members.

The Annual Dinner held at the Royal York Hotel was well attended. Dr. Marcus Long, the guest speaker, presented an inspiring address.

In the three stated meetings, specialists in their own field presented papers of interest to the general practitioner. The essayists were Dr. Gordon H. Rovellstad, Dr. Waldemar A. Link, and Dr. W. G. McIntosh.

The Winter Clinic, convened by our President-Elect, Dr. E. J. Henderson, presented an interesting programme with some new innovations. These proved to be most acceptable and a successful day was enjoyed by all. At the noon luncheon, the guest speaker was Joseph McCulley, Warden of Hart House, University of Toronto.

The Dental Public Health Committee under Dr. E. A. White, with Dr. H. S. Grey as co-chairman reported a successful year. There is an increasing interest by lay groups for speakers on dental subjects. Some school surveys were done. Dr. White was again representing the Academy on the Toronto Welfare Council.

Your Academy Council has been in constant touch with the Board of Health on matters of Dental interest and presented an opinion on the problem of Fluoridation of Communal Water Supply.

The Blue Cross Plan under Dr. Chas. McLean as chairman has continued as a service to fellows of the Academy.

A Public Speaking Course sponsored by the Academy was well attended and well received. It was highly recommended that the Academy continue to sponsor such a course as it is of great value to members of our profession.

The Academy of Dentistry award to the Faculty of Dentistry was won by William Ralph Dover.

W. JAMES SMITH.

STUDY GROUPS

THE TORONTO RADIODONTIA STUDY CLUB

This club has an enrolment of 30 members only. However, there are a very few vacancies left for 1953-54, and anyone interested please contact Dr. J. B. Pepper, Medical Arts Building, RA. 2473.

OTHER STUDY GROUPS

Any men interested in the formation of other study groups please contact Dr. J. A. Bigelow. If sufficient are interested these groups will be organized.

PUBLIC SPEAKING COURSE

Due to the great success of last year's Public Speaking Course another group is planned for this year entailing a course of 12 lectures. However, applications **must** be received before September 30th so that the program will begin in January, 1954, and must include a cheque for the fee of \$25.00.

DR. J. A. BIGELOW,
2298 Yonge Street,
MA. 2786.

PLAN FOR HOSPITAL CARE

The sum of \$9,599.40 was collected from 193 Fellows for themselves and families during the past year for pre-payment against the need for hospital care.

The Group has been closed for the past four years against new Group memberships from the Fellows.

However, individual applications may be made directly to the Plan for Hospital Care, 135 St. Clair Avenue West, PRincess 3301. Application forms will be forwarded for your completion. The rates and privileges will be the same for individual subscribers as for the members of the present Academy of Dentistry Group.

CHARLES McLEAN, Chairman
Plan for Hospital Care

SECOND STATED MEETING

OSLER HALL

8.15 P.M.

THURSDAY, FEBRUARY 11, 1954

Essayist: Dr. Wallace Graham, D.D.S., M.D., M.R.C.P. (Lond.), F.R.C.P.

Subject: The Present Status of Infection in the Rheumatic Diseases.

This meeting will be a Dental-Medical Night. Our fellows are expected to bring a friend—a medical practitioner, as a guest of our Academy. Dr. Graham's paper will be of mutual interest to both professions.

The many diseases under the common name of Rheumatism will be discussed in their relation to foci of infection in the oral cavity.

Dr. Graham graduated from the University of Toronto, Faculty of Dentistry in 1928, and the Faculty of Medicine in 1933, and did post graduate study in London, England, 1935-1937. He is a Member of Royal College of Physicians of England, an Associate Professor, Faculty of Dentistry, an Assistant Professor of Medicine—Faculty of Medicine, Attending Physician—Toronto General Hospital, and Chief, Arthritic Service, Sunnybrook Veterans Hospital. During World War II he was Medical Consultant, Royal Canadian Navy with rank of Surgeon Commander. Dr. Graham is President, Canadian Rheumatism Association.

THIRD STATED MEETING

OSLER HALL

8.15 P.M.

THURSDAY, MARCH 11, 1954

Essayist: W. K. Shultis, D.D.S., M.Sc. (Dent.)

Subject: Occlusion in Preventive Dentistry

The aim of every dentist in this age of Preventive Dentistry is to help establish and maintain for each patient a good occlusion that will faithfully serve that patient throughout life. Many of the operative orthodontic problems we are faced with in Dentistry are directly or indirectly due to preventive measures not having been exercised at an earlier age.

An effort will be made to evaluate the means by which we may recognize and influence conditions affecting the developing occlusion.

Dr. Shultis entered general practice in Toronto following his graduation in Dentistry from the University of Toronto in 1938. He enlisted and served for four and a half years in the Canadian Dental Corps. Following the war Dr. Shultis took post graduate training at the University of Toronto leading to a Diploma in Orthodontics. At present he is an Associate in Orthodontics at the Faculty of Dentistry, University of Toronto and carries on a private Orthodontic practice in Toronto.

President H. E. Leslie

Vice-President J. T. Crouch

Secretary-Treasurer R. D. Leuty

Another eventful season has passed for the Orthodontic Club, a season which was highlighted by the celebration of the Club's twenty-fifth Anniversary.

To mark this occasion, a dinner and dance was held at the Toronto Hunt Club on the evening of December 10th. During the evening Dr. Harvey Bean, the Club's founder, was presented with an Honorary Life Membership by Dr. S. S. Crouch on behalf of the members.

In November the Club once again acted as host for the annual meeting of the Great Lakes Society of Orthodontists at the Royal York Hotel. In conjunction with this meeting, the second Grieve Memorial Lecture was presented by Dr. Spencer Atkinson in Convocation Hall. The third Grieve Memorial Lecture will be given this fall by Dr. G. V. Fisk at the C.D.A. Convention in Montreal.

For the coming season, the Club is planning a scientific program with speakers chosen from other branches of dentistry and medicine.

MESSAGE FROM THE PRESIDENT

To the Annual Year Book of the Toronto Academy of Dentists, its Editor and Staff, I feel privileged to extend Greetings on behalf of the Officers and Members of the Canadian Dental Association.

One of the objects of the Canadian Dental Association as stated in its constitution is to elevate and sustain the character of dentists. In the work of editing this Year Book, you are assisting the Canadian Dental Association in bringing about this order and doing it in a manner it heartily endorses.

It is with much pride and satisfaction that our organization studies this excellent effort as demonstrated by you and looks forward most enthusiastically to the future when such talented members of the Toronto Academy of Dentistry may join the ranks of the Canadian Dental Association to help advance its principles and promote its ideals.

THE TREASURER'S REPORT

The Academy of Dentistry,
Toronto, Ontario.

Gentlemen:

We have prepared the attached balance sheet of the Academy of Dentistry as at 30th April, 1953, together with a revenue and expenditure account. Subject to the following report, we hereby certify that, in our opinion, the attached balance sheet is properly drawn up so as to exhibit a true and correct view of the state of the Academy's affairs at that date, according to the explanations and information given us and is as shown by the books.

We report upon the various balance sheet items in their order as follows:

ASSETS

Cash in bank \$1,747.79

Your bankers have confirmed the bank balance to us by certificate.

Dominion of Canada Bonds \$5,564.72

Details are shown on the face of the balance sheet. We have verified the interest revenue due from these bonds. We have examined the bonds comprising the above total.

LIABILITIES

Accounts Payable—Nil

Your Treasurer, Dr. J. B. King, has certified that all known liabilities to 30th April, 1953, have been paid and that there were, at that date, no guarantees or contingent liabilities outstanding.

PROFIT AND LOSS

Details are shown on Schedule "A."

A comparison of the total revenue and expenses for the current year with the preceding one is as follows:

	For the year ended	
	30th April, 1953	30th April, 1952
Total Revenue	\$6,513.60	\$5,334.99
Less		
Total Expenses	5,998.21	5,822.91
Surplus or Deficit for the Year	515.39	487.92

As we were unable to make a complete verification of all the sources of revenue, we are, accordingly, able to certify to the correctness of the revenue account only to the extent that it is in agreement with the books and information given us. We are

Yours faithfully,
TESKEY, PETRIE & BURNSIDE,
Chartered Accountants.
